RESPONSE TO RESTRICTION/ELECTION REQUIREMENT

Sir:

In response to the Restriction/Election Requirement set forth in the Office Action mailed August 8, 2005, Applicant elects Group I, claims 1-6, drawn to a self-sustaining center-anchor Mem switch, classified in class 335, subclass 78, with traverse.

Applicant respectfully traverses the restriction/election requirement. The claims of Group I (Claims 1-6) drawn to a self-sustaining center-anchor Mem switch and the claims of Group II (Claims 7-16) drawn to a method of manufacturing a self-sustaining center-anchor Mem switch are closely related to each other and define a single invention. Further, Applicant respectfully submits that it would not be unduly burdensome for the Examiner to examine the claims of three groups. Applicant respectfully requests that claims 1-16 be examined.

An early Office Action on the merits is respectfully requested.

If a Petition for Extension is necessary and the petition and the is not enclosed, this will act as a petition to extend the time for response and authorization to charge the necessary fees under 37 CFR 1.17(a)-(d) to Deposit Account **503-121**.

Respectfully submitted,

MAYER BROWN ROWE & MAW LLP
